Donations Welcome

- Your Assistance constructed this Arena

Back in 1988, the Arena was built with assistance of graduates and many other supporters, as part of the centennial anniversary celebrations of the University of Tokyo in 1977. More than a quarter of a century after the Arena was opened, various kinds of facilities are markedly getting older. In order to continue the safety and security of the sports activity and arena operation, it is inevitable for the facilities to be maintained constantly.

- Support Fund for Gotenshita Facility Maintenance

Large amounts of money are necessary for this facility maintenance. However, the reality is that a limited budget of the university has extreme difficulty in satisfying all of financing. Hence, this fund has been set up. We would appreciate your kind assistance.
